

About Journal

The *International Journal of Management Science and Business Conclave (IJMSABC)* is a peer-reviewed international journal that promotes research in the diverse fields of management and business studies. It serves as a global platform for scholars, practitioners, policymakers, and industry leaders to exchange innovative ideas, theoretical insights, and practical applications that contribute to the growth and transformation of organizations and economies worldwide.

The journal focuses on exploring contemporary trends, challenges, and opportunities in management science, business practices, and management research. It emphasizes original research and critical reviews on key issues such as organizational behavior, strategic management, human resource development, entrepreneurship, innovation, sustainability, financial management, marketing strategies, operations, business analytics, and the role of technology in reshaping global business landscapes.

By fostering open access to high-quality scholarly work, IJMSABC seeks to strengthen the dialogue between academia and industry, encourage evidence-based practices, and support the development of sustainable and innovative solutions for the future of management and business.
